A number of noble tramps at Logan, O, were lately ordered to prepare for work on the roads in order to pay for their food and lodging at public expense. They nearly checked this acheme by putting their clothing in the stove and appealing to the mercy of their keepers for protection from the wintry blast. The Lord does not, it appears, temper the wind to the naked tramp.

An attempt has been made to have a commission of guardians appointed for the person and estates of Dr. J. C. Ayer, the well-known manufacturer of patent medicines, now instane. It is alleged that property belonging to him to the value of \$2,000,000 is now in the custody of his brother, and that the latter objects to having any guardian but himself appointed. The decision of the court to which the subject was referred has been reserved.

The Bennett establishment has for several years been a marked feature, and to this is added the name of Bounce, who has the most princely building point to be found in this city. Each of these editorial mansions is connected with the down-town printing house, and this emables the editor to maintain a constant communication with his amistants. Bonner is at present the most successful journalist this city has ever contained. During the twenty-five years of his Ledger he has made interval. Commencing with a thousand dollars, he is now worth more than a round million. His stables and hance and hance represent an investment of \$200,000, and the former not only gratify their owners tasks, but also form a valuable advertisement.

Sent on Application. No 206 Delawara Street, - - - LEAVENWORTH, KANSAS

BEAN'S PUMP MANUFADTURING CO.

LEAVENWORTH. KAN

529 Shawnee Street.

建设 This Pump possesses the following superiorities

It starts with the first or second motion of the handle, and the flow ceases the moment you strp, leaving no drippings to form mud, or ice in winter, on and around the philerm.
 It never is affect d by frost—requiring no tapping, raising of the handle, or other care.
 It thoroughly ventilates the well, ridding it of foul air.
 It saves its cost every ear in labor, it runs so easily.
 It is invaluable in case of fire, being an engine ever ready at pour door.
 The cylinder being of stone, and glazed on the inside, is equal to glass, and much stronges there is no lime or fifth ever collecting on it.
 The well require no elecaning out after one of these pumes is act at one that is clean.
 It combines both the atmospheric and force principle, which gives it an equal pressure the water, throwing a steady stream, both with the up and deviation of the handle.
 This Pump always brings not water from the start, the water standing air test below the platform. In a stone cylinder.
 The buckets may be removed at any time without moving the Pump or platform.
 These Fumps are now being used very extensively, and are fast somerseding all others used for raising water. Every Pump warranted. The Pump itself is its best recommendation.

"WATER FILTER," PATENTED NOVEMBER 15, 1870.

To be used in connection with a Force Pump. Contributing much to the health of all who use It takes out dirt. lime and filth of every kind, leaving the water clear, pure and wholesom. versible self-cleaning, always ready.

A Fire-Pump for villages and a Stock Well Pump, will be on exhibition at the Leavenworth Fair.

U.S. Marshel, C.H. Miller, Dr.J. I. Weaver, Captain M.H. Insley, Hon F.P. Eitzwilliam, Col. F. K. Hunt, U.S. A., J.B. Laing, Cas-italist, B.S. Richar S, E.T. avr., Architect, Dr.J. W. Morris, O.B. Taylor, Wholesale Green, D.B. Anthony, Proposetor of the Thies, Miles Mears, City Attorney, and hundreds of othe recan testify to the superiority of the Fung.
